Hi Elaine,

I would be happy to chat with you tomorrow about the project in preparation for your interview. I'm including Bill and Caitie so they can help fill in any technical details and specific messages that I may miss.

I'll set up the call. All – please let me know your availability during these times (ALL EASTERN TIME):

9 am – 12 pm
After 3 pm

Thanks,
-Mary Beth

Subject: Radio Interview with WKSU

Mary Beth, I have had a request from WKSU, a local radio station who has always been an interested party in the Gorge Dam wants to do an interview on the progress. I was planning on saying that the data collection is mostly completed and analyzed and that we are now working on assumptions and questions related to the actual design of the sediment management.

I know there will be specific questions related to data and design. I would like to discuss this with you before I talk with them.

I am available tomorrow anytime for a chat. Is that a good time.

Thank you for your great team management, encouragement of participation and generous communication.

Elaine Marsh
